

[Research Title]

(研究标题)

Applicant's name :

申请人的姓名

Proposed supervisor (if any) :

建议导师(若有)

Proposed co-supervisor (if any) :

建议合作导师(若有)

Degree Applied for :

学位申请

Research Discipline :

研究学科

Field of Study :

研究领域

## [Research Title] (研究标题)

### INTRODUCTION 绪论

- **Introduction:** Briefly introduce the research topic that you plan to study.  
对于该研究的课题作出基本介绍。
- **Background of the Study:** Briefly discuss the research background of the study. You may use some relevant figures/statistics to illustrate the research background (scenario) in order to highlight the important issue of the study.  
简要阐述研究课题的背景。可使用一些相关的图表/统计数据来说明研究背景(情景), 以突出该研究的重要性。
- **Problem Statement:** Briefly describe the research issues and what are the motivations of the study in this section.  
本节应描述该研究问题以及有哪些研究动机。
- **Objectives of the Study:** -
  - **General Objective:** State the main objective of the study.  
本节须提到该研究的总体目标。
  - **Specific Objectives:** Point out the related specific objectives to be achieved in the study. For example, provide three specific objectives in your study.  
本节还须提到该研究的具体目标。例如, 列出三个具体目标。
- **Significance of the Study:** Briefly explain the importance of this study, such as the specific or potential application of the output of this study and who will benefit from this study.  
本节须简单说明该研究的重要性, 例如本研究产出的具体或潜在应用, 以及谁将从本研究中受益。

### LITERATURE REVIEW 文献综述

- Provide some literature review relevant to the study in this section.  
本节须提供与该研究相关的一些文献综述。

## PROPOSED METHODOLOGY 方法论提议

- Briefly describe the methodology that you propose to use in the study. You may include the theoretical framework and empirical model of the study, as well as briefly describe the estimation techniques to be used in the study.

本节须建议在研究中欲使用的方法。可包括研究的理论架构和实证模型，以及简要描述研究中欲使用的估算技术。

## EXPECTED RESEARCH OUTCOMES 预期研究成果

- Briefly describe the research outcomes that you expect to achieve at the end of this study based on the problems identified and methodology proposed, such as new theories, new findings or new knowledge. These outcomes should be in line with your study objectives. 根据你所要探讨的问题及提议使用的方法论，简要描述你预期在本研究结束时实现的研究成果，例如新的理论，新发现或新知识。这些成果应符合你的研究目标。

## REFERENCES 参考文献

- Provide references that you refer from reliable sources in preparing this research proposal, e.g. journal, organization report, etc.

提供你在准备本研究计划时，从可靠来源参考的参考文献，例如学术期刊，组织报告等。

## Remark 备注：

- The research proposal shall be all written in ENGLISH.  
该研究计划书须以全英文写作。

### DISCLAIMER 免责声明

This is a brief guideline of writing a research proposal for admission application. For details, please consult the respective faculty or supervisor.

此乃用于编写入学申请的研究计划书的简要指南。有关详情，请咨询相应的学院或导师。
